ORDINANCE NO. 00 -8

AN ORDINANCE TO ADD TERRITORY
TO THE JACKSON COUNTY ENTERPRISE ZONE
(JACKSON COUNTY)

WHEREAS, the Jackson County Board established an Enterprise Zone through Ordinance No. 90-2, pursuant to authority granted it by the Illinois Enterprise Zone Act (The "Act"; P.A. 82-1019), as amended, subject to the approval of the Illinois Department of Commerce and Community Affairs, and subject to provisions of the Act; and

WHEREAS, an Intergovernmental Agreement was entered into between the County of Jackson, Illinois (hereinafter "County") and the Cities of Carbondale and Murphysboro (hereinafter collectively "Cities"), through which the governments designated certain areas, and any areas subsequently certified from time to time, as an Enterprise Zone pursuant to and in accordance with the Act, subject to certification of the State as in the Act provided, and known as the Jackson County Enterprise Zone; and

WHEREAS, the Jackson County Carbondale-Murphysboro Enterprise Zone was approved by the Illinois Department of Commerce and Community Affairs, effective March 1, 1990; and

WHEREAS, a request has been made to expand the current Enterprise Zone area through the addition of a certain parcel of property, pursuant to authority of the Act, and subject to approval by the Illinois Department of Commerce and Community Affairs, and subject to provisions of the Act; and

WHEREAS, the designating units of government through their designated zone administrator, and pursuant to statute, conducted at least one public hearing within the Enterprise Zone area.

NOW, THEREFORE, BE IT ORDAINED BY THE JACKSON COUNTY BOARD OF JACKSON COUNTY, ILLINOIS, AS FOLLOWS:

SECTION 1. That Section III of Ordinance 90-2, the Ordinance Establishing an Enterprise Zone for Jackson County, Illinois, is hereby amended by adding Exhibits A-19 and B-19 (which exhibits are attached to this ordinance and made a part thereof) to the list of Exhibits within said Section III.

SECTION 2. That all ordinances and parts thereof in conflict herewith are expressly repealed and are of no other force and effect.

SECTION 3. The repeal of any ordinance by this Ordinance shall not affect any rights accrued or liability incurred under said repealed ordinance to the effective date hereof. The provisions of this Ordinance insofar as they are the same or substantially the same as those of any prior ordinance, shall be construed as a continuation of said prior ordinances.

SECTION 4. That it is the intention of the Jackson County Board that this Ordinance and every provision thereof shall be considered separable, and the invalidity of any section, clause, or provision of this Ordinance shall not affect the validity of any other portion of this Ordinance.

SECTION 5. That the Jackson County Board finds that the subject matter of this Ordinance pertains to the government and affairs of the Jackson County and is passed pursuant to authorities granted it by State statute and the Illinois Constitution.

SECTION 6. That this Ordinance shall be known as Ordinance No. 00-8 of the Jackson County, Illinois, and shall be in full force and effect from and after its passage, approval, and recording, and after the Illinois Department of Commerce and Community Affairs has approved the application for amendment to the Enterprise Zone in the Jackson County, Illinois.

PASSED this 11 day of Oct., 2000.

Ordinance Number 2000-7

**AN ORDINANCE TO ESTABLISH THE NAMES OF ALL STREETS, LANES,
ROADS OR HIGHWAYS IN THE UNINCORPORATED AREA OF
JACKSON COUNTY, ILLINOIS.**

WHEREAS, the Counties Code, 55 ILCS 5/5-1067 (West 1998) provides that county boards may name or may change the name of any street, lane, road or highway in the unincorporated area of the county; and

WHEREAS, the County Board of Jackson County has previously approved and enacted Ordinance number 96-27, which Ordinances incorporated certain maps attached to the Ordinances. The maps named or renamed various streets, lanes, roads or highways situated in the unincorporated areas of the county; and

WHEREAS, in conjunction with implementing and maintaining the emergency telephone system (911) in the county various streets, roads, lanes, and highways situated in the unincorporated areas of the county have been named or renamed since the enactment of the previously mentioned County Ordinance number 96-27; and

WHEREAS, the Jackson County Board deems it to be in the best interest of the residents of the unincorporated areas that these named and renamed streets, roads, lanes, and highways be adopted as provided in this present Ordinance; and

WHEREAS, the Jackson County Board believes such naming and renaming of thoroughfares in the unincorporated areas of the county is essential to sufficiently provide emergency services and emergency response to the residents of the unincorporated areas of the county;

THEREFORE, BE IT ORDAINED BY THE COUNTY BOARD OF JACKSON COUNTY, ILLINOIS, AS FOLLOWS:

A. Jackson County Ordinance 96-27 is hereby repealed effective upon the passage of this present Ordinance.

B. All streets, lanes, roads, highways and public ways in the unincorporated area of Jackson County, Illinois are hereby named or renamed, as shown and depicted on the attached Jackson County, Illinois map and road name list. Said map and road name list is incorporated herein and made a part of this ordinance as if fully set out.

C. This present Ordinance shall be effective upon the date of its adoption.

APPROVED AND ENACTED at the regular meeting of the Jackson County Board on this 13 day of Sept., 2000.

**JACKSON COUNTY, ILLINOIS
SITING ORDINANCE FOR
POLLUTION CONTROL FACILITIES**

WHEREAS, the Illinois Environmental Protection Act (415 ILCS 5/39.2) gives the power for approving or disapproving requests for siting pollution control facilities in unincorporated areas to county boards, and establishes the criteria which can be utilized in reviewing siting requests and the process by which siting requests are handled; and

WHEREAS, the County of Jackson, Illinois (hereafter referred to as the "County") seeks to protect the health and well-fare of its citizens and the environment to the fullest extent possible; and

WHEREAS, the County adopted the Jackson County Solid Waste Management Plan on August 14, 1996 to address the management of waste generated and disposed within the county; and

WHEREAS, the County wishes to establish explicit procedures and protocols for handling and reviewing pollution control facility siting applications; and

WHEREAS, there exists County Ordinances 91-4, 98-10 and 99-2 pertaining to siting application and approval of pollution control facilities, which the present Ordinance is intended to replace;

NOW, THEREFORE, BE IT ORDAINED by the Jackson County Board, as follows:

Section 1. Definitions

The terms used in these rules and regulations shall have the same meanings as the same terms as defined in the Illinois Environmental Protection Act, 415 ILCS 5/1 et seq. and the implementing and interpreting administrative rules and regulations, in effect as of the date hereof, and as said statute and regulations and rules may be amended or modified from time to time.

Section 2. Procedures

For each application filed, the Jackson County Board Chairman shall appoint a Pollution Control Facility Committee for that application to be made up of five (5) Board members, one of which must be the Chair of the County Board Solid Waste Committee. These appointments shall be approved by the County Board within 40 days of receipt of each application. During the course of the public hearing, at least one Pollution Control Facility Committee member shall be present at each session. If no hearing officer is appointed for the public hearing, as provided for in Section 2, #8a, one member of the Pollution Control Facility Committee shall be chosen by the Committee members to preside over the public hearing and must attend any and all hearings conducted on the application.

**AT LEAST 14 DAYS PRIOR TO SUBMITTAL OF APPLICATION
FOR SITE LOCATION APPROVAL**

1. Applicant shall notify:
 - a. All owners of property within 250 feet in each direction of the lot line of the subject property; and

- d. Fire Protection District
- e. District State General Assembly Members

WITHIN 45 DAYS OF RECEIPT OF APPLICATION

- 5. The Pollution Control Facility Committee shall meet and schedule the date(s), location and time for the public hearing. The public hearing shall be scheduled by the Pollution Control Facility Committee to be conducted at a location which is reasonably expected to be large enough to accommodate the number of persons anticipated to attend.

WITHIN 60 DAYS OF RECEIPT OF APPLICATION

- 6. County Clerk notifies applicant in writing of scheduled public hearing date(s), location and time.

WITHIN 65 DAYS OF RECEIPT OF APPLICATION

- 7. The applicant shall publish notice of Public Hearing in a local newspaper(s) and notify by certified mail all members of the District General Assembly in which the proposed facility is located.

BETWEEN 90 AND 120 DAYS OF RECEIPT OF APPLICATION

- 8. Pollution Control Facility Committee begins public hearings which are adequate to establish the facts in the case; provided that said hearings be conducted within the required time periods. The right of cross-examination shall be guaranteed and time limits for direct and cross-examination shall not be arbitrarily imposed.
 - a. The Pollution Control Facility Committee may appoint a hearing officer for the public hearing on the request for site approval. If appointed, a hearing officer shall preside over the procedures. If appointed, a hearing officer shall preside over the public hearing and shall make decisions concerning the admission of evidence and the manner in which the hearing is conducted. The hearing officer shall make all rulings in accordance with fundamental fairness and statutory and constitutional requirements. The hearing officer(s) may be requested by the Pollution Control Facility Committee at any time to prepare a statement of findings at the conclusion of the public hearing and following the submittal of additional comments for the 30-day period following the public hearing.
 - b. Verbal recording shall be made of the public hearing and a written verbatim transcript prepared by a certified court reporter or a certified short hand reporter shall be made available, at cost, upon request. Written transcripts will be provided to all County Board members and the Jackson County State's Attorney.
 - c. Applicant shall submit proof of notification of the public hearing as required in 415 ILCS 5/39.2, and the Procedures included under Number 7 above.

WITHIN 35 DAYS OF ANNOUNCEMENT OF COUNTY BOARD DECISION

15. All appeals of County Board decision (by applicant, objector, or public affected by proposal) must be filed with the Illinois Pollution Control Board (IPCB).

AFTER FILING OF AN APPEAL

16. Pollution Control Board reviews challenge to site approval decision by County Board. Pollution Control Board proceeds with case according to State Regulations.

SUBMISSION OF EVIDENCE

Any exhibits that a participant, other than the applicant, anticipates using during the public hearing shall be submitted to the County at least one day prior to its anticipated use. All participants shall submit at least five (5) copies of all exhibits. A copy shall be furnished to the applicant by the County.

Members of the public who participate in the public comment time held during the public hearing shall submit any exhibits they expect to use to the County prior to the time designated for the public to speak. At least three (3) copies all such exhibits shall be submitted. The applicant shall be provided one (1) of the three copies.

Any additional exhibits to be used by the applicant during the public hearing and not a part of the application shall be submitted at least twenty-four (24) hours prior to the commencement of the public hearing. Any additional exhibit used by the applicant, that in any way changes information provided with the application, or provides information not submitted as a part of the application, shall be considered an amendment to the application and all sections of this Ordinance pertaining to amendments shall take effect.

The time limits for submission of evidence may be waived by the member of the Pollution Control Facility Committee presiding over the hearing or the hearing officer if he/she determines that the participant could not reasonably have anticipated the use of said exhibit at the time that submission was due.

PART II

Is the facility so designed, located and proposed to be operated that the public health, safety and welfare will be protected?

A. Site Location

1. Plat the following information on the USGS quadrangle topographic map within the site and at a minimum of 1.5 mile radius of the lot line of the proposed facility:

- a. Wells (domestic, industrial, etc.)
- b. Public and private water sources (lakes, streams, etc.)
- c. Waterways and surface drains
- d. Field drain tiles (as such drain tile systems relate to site property).
- e. Residences or residential uses, commercial facilities, sewage treatment facilities, industries, institutions, etc.
- f. Other pertinent facilities not shown on topographic map such as diverted streams, strip mines, ponds, etc.

If scale is not sufficient, show above items on a separate topographic map.

2. Check applicable boxes which describe the use of adjacent properties surrounding site.

	Residential	Commercial	Industrial	Agricultural	Other*
a. North	<input type="checkbox"/>				
b. East	<input type="checkbox"/>				
c. South	<input type="checkbox"/>				
d. West	<input type="checkbox"/>				

* Specify Use _____

3. Has a National Pollutant Discharge Elimination System (NPDES) permit been issued for any part of the site or an adjoining site owned or operated by the applicant? If so, please attach. If a NPDES permit will be necessary for the proposed facility, please attach said application for a permit.

4. Are there any permits required, operational requirements, licenses required, or other requirements or restrictions by any municipality, planning commission, county department, state agency or other governing body for the proposed facility?

No Yes; If yes, list below:

- iii. Coefficient of permeability - based on field and/or laboratory determinations
- iv. Ion-exchange capacity and ability to absorb and "fix" heavy metal ions

B. Design Standards

1. Provide a topographic map of the closed and covered site showing final contours, with a contour interval of 5 feet if relief is greater than 20 feet, and contour intervals of 2 feet if relief is less than 20 feet.
2. Provide cross sections (minimum of three recommended), plans, profiles, or figures (as necessary) (Scale 1"=200' or larger) of the developed site to clearly indicate:
 - a. Proposed fill areas
 - b. Sequence of placement and total compacted thickness of each lift
 - c. Thickness of cover material for each lift
 - d. Slope and width of working face for each lift
 - e. Slope of completed fill with final cover in place
 - f. Liner system including leachate collection system
 - g. Subsurface strata to a minimum depth of thirty feet below the base of the fill material
 - h. All surface features both unaltered and modified, and installed as part of the facility. This shall include all new construction with location plans for berms, dikes, dams, earth barriers, surface drainage ditches, drainage devices (culverts, tiles), fencing across roads, entrances, utilities, buildings, sanitary facilities, monitoring well(s), streams, ponds, mines, and any other special construction as may be required.
3. Attach a typewritten narrative supplemented by indications on the plans of provisions to be made for:
 - a. Prevention of air and surface water pollution
 - b. Control of gas migration
 - c. Elimination of flood hazard, if any
 - d. Employee facilities
 - e. Access to the site
 - f. Measuring quantity of waste (solid, semi-solid and liquid) delivered to the site (if applicable)

- r. Quality assurance/quality control programs to be utilized during operations of the facility
 - s. Monitoring program for air
 - t. Provide a list of equipment to be used for the landfill operation by item - model number - number of units - description
 - u. Disposal of incinerator ash, include specific site locations
3. If industrial-process and/or pollution-control wastes will be accepted at the facility;
- a. List the procedures to be used for their disposal at the facility, including methods to determine that the waste is or is not a special waste.
 - b. For Pollution-Control Wastes that cannot be certified as non-special waste:
 - i. Indicate the type of sludge to be accepted at the facility for disposal:
 - Water treatment Wastewater treatment
 - municipal industrial combined
 - filter cake domestic/septage sludge cake
 - heat-dried raw digested
 - ii. Provide a brief statement describing the method of sludge conveyance to the refuse disposal site from the treatment facility.
 - iii. What is the expected solids content (by weight) of the processed sludge?
 - iv. Provide a comprehensive chemical analysis of same (if it can be obtained). Attach a copy of any analytical testing performed for classifying the waste as special waste. Provide a brief narrative of the wastewater or water treatment processes and operations utilized at the treatment facility generating the sludge.
 - c. For Industrial-Process Waste, list the special wastes expected to be accepted, which cannot be certified as non-special waste, give an estimate of the quantity to be accepted, proposed sources of each, and provide a complete analysis of each (if available).
4. Provide plan views (Scale 1"=200') and cross sections of the leachate collection and treatment system, including the following information:
- a. Type, location and construction of surface and subsurface collection system, and all attendant devices
 - b. Location, dimensions, volume, and surface elevation of treatment lagoon(s), if used
 - c. Detailed written narrative of the method and processes of the collection and treatment system, and program for monitoring the performance and effectiveness of the treatment system

1. Complete designs, specifications and construction plans of the incinerator and auxiliary equipment;
2. A statement showing the locations of similar facilities;
3. A complete statement of operating procedures, maintenance requirements and similar information concerning the proposed facility;
4. A detailed statement of contingency plans dealing with handling of wastes during periods when the incinerator is non-functional;
5. The kinds of materials proposed to be incinerated identifying or designating them by chemical composition; and
6. Chemical analysis of ash (may be from a similar facility incinerating similar material).

Part III

Is the facility located so as to minimize incompatibility with the character of the surrounding area and to minimize the effect on the value of the surrounding property?

A. Property Values

Attach a report and analysis indicating what impact the facility will have on the property values and general character of the surrounding area, supplemented by statements from Township and/or County Assessor. If no statement can be obtained from the Township and/or County Assessor, state that fact and submit a sworn affidavit setting forth all actions taken in an attempt to obtain said statement.

B. Topographic Survey before Operation

Provide a detailed topographic map of the existing site (Scale 1"=200' or larger) showing 5-foot contour intervals on sites (or portions thereof) where the relief exceeds 20 feet, and 2-foot contour (intervals) on sites (or portions thereof) having less than 20 feet of relief. This map should include all building, ponds, streams, areas within the 100-year floodplain, wooded areas, bedrock outcrops, underground and overhead utilities, roads, fences, culverts, drainage ditches, drain tiles, easements, streets, and other items of significance, including legal boundaries.

C. Final Design Grades

Provide a separate map, at the same scale as that above, of the developed site showing the final topography after completion. This map should include all building, ponds, streams, areas within the 100-year floodplain, wooded areas, bedrock outcrops, underground and overhead utilities, roads, fences, culverts, drainage ditches, berms, drain tiles, easements, streets, and other items of significance, including legal boundaries.

D. Landscape Plan

Include a landscape planting schedule and plan for the site.

C. Operational Plan

Submit a statement from an Illinois Registered Professional Engineer outlining the detailed plan of operation.

Part VI

Are traffic patterns to or from the facility designed so as to minimize the impact on existing traffic flows?

A. Traffic Plan

Submit a report from an Illinois Registered Professional Engineer stating that the vehicular movement and control for ingress/egress are designed to minimize accidents. Said report must be accompanied by substantive data to corroborate any conclusions.

B. Entrance Permit

Submit a detailed analysis of the proposed designation/location of the point of entrance to the site, as well as a demonstration as to the manner in which any and all statutory and/or regulatory requirements relating to the same will be addressed.

Part VII

Is the facility consistent with the Jackson County Solid Waste Management Plan?

Submit an analysis indicating the compliance of the proposed facility with the Jackson County Solid Waste Management Plan.

Part VIII

Is the facility located within a regulated recharge area?

Include a statement indicating if the facility is within a regulated recharge area. If the facility is within a regulated recharge area, provide any applicable requirements specified by the Pollution Control Board, and indicate how such requirements will be met.

Other Information

Any other relevant information may be submitted to support the application.

Ordinance Number 2000 - 2

AN ORDINANCE CONCERNING THE UNIFORM SYSTEM FOR THE NAMING OF ALL PUBLIC AND PRIVATE STREETS, LANES, ROADS, HIGHWAYS, PUBLIC WAYS, AND THE NUMBERING OF ALL BUILDINGS, LOTS, AND STRUCTURES ADJACENT THERETO IN THE UNINCORPORATED AREA OF JACKSON COUNTY, ILLINOIS.

WHEREAS, 55 ILCS 5/5-1067 (West 1998) provides that county boards may name or change the name of any street, lane, road or highway and may regulate the numbering of buildings and lots adjacent to any street, lane or highway in the unincorporated area of the county; and

WHEREAS, the Jackson County Board has determined that the adequate provision of public services to the residents of the unincorporated portion of Jackson County, including such services as police, fire and emergency medical services, requires the continued establishment of a uniform street naming and numbering system for buildings and property located in the unincorporated portion of Jackson County; and

WHEREAS, the Jackson County Board further feels that the ordinance enacted herein will secure the public safety and deliver the aforementioned public services in a more efficient, uniform, and effective manner; and

WHEREAS, the Jackson County Emergency Telephone System Board in conformity with its responsibility to provide and establish a 911 emergency telephone system within Jackson County, Illinois has already mapped and established an addressing system for Jackson County, Illinois pursuant to and in conformity with Jackson County Ordinances; and

WHEREAS, it is the intent of the Jackson County Board that this present Ordinance shall replace Ordinances 91-7 & 92-9.

WHEREAS, the Constitution of the State of Illinois, 1970, Article VII, Section 10, authorizes units of local government to contract or otherwise associate among themselves in any manner not prohibited by law or ordinance; and

WHEREAS, 5 ILCS 220/1 (West 1998) entitled the "Intergovernmental Cooperation Act." provides that any power or powers, privileges or authority exercised or which may be exercised by a public agency of this State may be exercised and enjoyed jointly with any other public agency of this State.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNTY BOARD OF JACKSON COUNTY, ILLINOIS, AS FOLLOWS:

Section 1. Preamble.

There is already established a uniform system for street naming or renaming and for

numbering property and buildings on all public and private streets, lanes, roads, highways and public ways in the unincorporated area of Jackson County pursuant to Jackson County Ordinances.

Section 2. Implementation.

A. Pursuant to the Intergovernmental Cooperation Act, the Jackson County Board shall enter into a new Agreement with the Jackson County Emergency Telephone System Board to allow the Jackson County Emergency Telephone System Board to continue to assign names to, or rename, all public and private streets, lanes, roads, highways and public ways in the unincorporated area of Jackson County. Furthermore, the Jackson County Emergency Telephone System Board shall continue to coordinate its efforts in addressing with United States Postal authorities.

B. All expenses for the maintenance, preparation, and installation of uniform public street, public lane, public road, public highway and public way intersection signs shall continue to be borne by the Jackson County Emergency Telephone System Board.

C. Signs designating the names of private streets, lanes, roads, and highways shall be erected and maintained at the expense of the property owner or owners occupying such private streets, lanes, roads, and highways. Said signs shall be located to be easily visible to emergency personnel traveling from a public access road into the private roadway. All signs shall be of the same or similar construction as the signs erected by the Jackson County Emergency Telephone System Board and shall be installed within 45 days of notification to the private property owner or owners. Any violation of this subsection (Sec. 2C) shall be a violation of this ordinance and the violator shall be fined the sum of \$25 plus court costs and surcharges.

Section 3. Numbering.

A. All numbers for property shall continue to be assigned in a uniform manner mutually agreed upon by the Jackson County Emergency Telephone System Board and the United States Postal Service.

B. Each house, building or other occupied structure shall be assigned a separate number. A number or alphabetical letter shall be assigned for each separate occupant (i.e. apartment, company, etc.) within a building or other occupied structure.

C. Existing numbers shall be changed only as necessary to ensure the effectiveness and efficiency of the Enhanced 911 system in Jackson County, as determined in the judgement of the Jackson County Emergency Telephone System Board.

D. Written notification of the proper address of each house, building or structure shall be given to its owner, occupant or agent in all instances where a new number has been assigned under the terms of this ordinance.

Section 4. Placement of Numbers.

A. The owner, occupant or agent of each house, building or other structure assigned a number under the uniform numbering system provided in this ordinance shall place or cause to be placed such number on or near the house, building or other structure within 45 days after receiving notification of the proper number assignment.

B. Cost and installation of the numbers for the structures shall be paid for by the property owner. Numbers shall be not less than three (3) inches in height. All numbers shall be made of a durable, reflective, and clearly visible material.

C. All numbers shall be conspicuously placed immediately above, on or at the side of the appropriate door to the house, building or other structure so that the number is clearly visible from the street. In cases where the structure is situated so that numbers placed upon it cannot be clearly visible from the street, the structure number shall be placed near the walk, driveway, or common entrance to the structure and upon the mailbox, gatepost, fence or other appropriate place so as to be clearly visible from the street.

D. Any violation of Section 4A or 4B, or 4C of this section shall be a violation of this ordinance and the violator shall be fined the sum of \$25 plus court costs and surcharges.

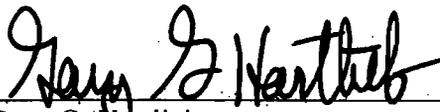

Section 5. Repealer

Ordinances 91-7 & 92-9 are hereby repealed. The present Ordinance shall replace those Ordinances in their entirety. This repeal, however, shall not in any way effect, void, alter, negate or diminish any right, action or decision, that vested or took place as a result of Ordinances 91-7 & 92-9.

Section 6. Effective Date.

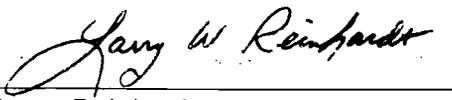

This ordinance shall take effect upon the date of its adoption.

APPROVED at the regular meeting of the Jackson County Board on Feb. 9, 2000.

ORDINANCE NO. 00-1

AN ORDINANCE TO ADD TERRITORY
TO THE JACKSON COUNTY ENTERPRISE ZONE
(JACKSON COUNTY)

WHEREAS, the Jackson County Board established an Enterprise Zone through Ordinance No. 90-2, pursuant to authority granted it by the Illinois Enterprise Zone Act (The "Act"; P.A. 82-1019), as amended, subject to the approval of the Illinois Department of Commerce and Community Affairs, and subject to provisions of the Act; and

WHEREAS, an Intergovernmental Agreement was entered into between the County of Jackson, Illinois (hereinafter "County") and the Cities of Carbondale and Murphysboro (hereinafter collectively "Cities"), through which the governments designated certain areas, and any areas subsequently certified from time to time, as an Enterprise Zone pursuant to and in accordance with the Act, subject to certification of the State as in the Act provided, and known as the Jackson County Enterprise Zone; and

WHEREAS, the Jackson County Carbondale-Murphysboro Enterprise Zone was approved by the Illinois Department of Commerce and Community Affairs, effective March 1, 1990; and

WHEREAS, a request has been made to expand the current Enterprise Zone area through the addition of a certain parcel of property, pursuant to authority of the Act, and subject to approval by the Illinois Department of Commerce and Community Affairs, and subject to provisions of the Act; and

WHEREAS, the designating units of government through their designated zone administrator, and pursuant to statute, conducted at least one public hearing within the Enterprise Zone area.

NOW, THEREFORE, BE IT ORDAINED BY THE JACKSON COUNTY BOARD OF JACKSON COUNTY, ILLINOIS, AS FOLLOWS:

SECTION 1. That Section III of Ordinance 90-2, the Ordinance Establishing an Enterprise Zone for Jackson County, Illinois, is hereby amended by adding Exhibits A-18 and B-18 (which exhibits are attached to this ordinance and made a part thereof) to the list of Exhibits within said Section III.

SECTION 2. That all ordinances and parts thereof in conflict herewith are expressly repealed and are of no other force and effect.

SECTION 3. The repeal of any ordinance by this Ordinance shall not affect any rights accrued or liability incurred under said repealed ordinance to the effective date hereof. The provisions of this Ordinance insofar as they are the same or substantially the same as those of any prior ordinance, shall be construed as a continuation of said prior ordinances.

SECTION 4. That it is the intention of the Jackson County Board that this Ordinance and every provision thereof shall be considered separable, and the invalidity of any section, clause, or provision of this Ordinance shall not affect the validity of any other portion of this Ordinance.

SECTION 5. That the Jackson County Board finds that the subject matter of this Ordinance pertains to the government and affairs of the Jackson County and is passed pursuant to authorities granted it by State statute and the Illinois Constitution.

SECTION 6. That this Ordinance shall be known as Ordinance No. 00-1 of the Jackson County, Illinois, and shall be in full force and effect from and after its passage, approval, and recording, and after the Illinois Department of Commerce and Community Affairs has approved the application for amendment to the Enterprise Zone in the Jackson County, Illinois.

PASSED this 12 day of Jan., 2000.

APPROVED this 12 day of Jan., 2000.
