Re: **Agenda Item**
State of IL CMS - Certificate of Authority by Vote

CC:

This memo is being provided as further explanation of the above agenda item:

The certificate of authority by vote included in the packet for consideration of the committee originated through an email request from the State of Illinois Central Management Services (CMS) in conjunction with the 2024-2025 joint purchasing agreement for rock salt. The email requesting the same has been included with this memo.

The request for this certificate is new for 2024 and has never been requested in prior years' joint purchasing agreements. The State of Illinois has always accepted the signature of the County Engineer in the past without this additional certificate.

Most Counties, Townships and Cities in Illinois utilize the joint purchasing process for rock salt to cooperatively bid a large volume of salt in the expectation that the larger volume will reduce the unit price bid. Jackson County has participated in the program for decades in procuring our annual rock salt.

The certificate is being presented as supplied by CMS for your consideration.
