

Jackson County Ambulance Service

Emergency Purchase Request

Finance Committee

September 9th, 2019

Jackson County Sheriff's Department 1700hrs

We have a dire need to replace an ambulance as soon as possible. I had budgeted to replace an ambulance this year, however we delayed the purchase based on the financial constraints the county anticipated early this year. Unfortunately the delay has resulted in the immediate need to buy an ambulance. We presented an emergency request to the Finance Committee asking to buy an ambulance immediately. We will use this new unit to replace 2, for now, because the 2 require several thousand dollars of repairs and they simply aren't worth repairing. 1-2008 remount with 150,000 miles needs an engine replacement, 2-2010 with 353,000 miles needs multiple repairs.

1 ambulance is currently in the body shop due to an accident with a deer

1 ambulance is having warranty repairs on the transmission

Unfortunately this has all happened at our busy time of the year.

We recommend purchase from Foster Coach in Sterling, IL a 2019 Medix Type I ambulance. I have included the specification sheet.

I do not have an invoice sheet yet, however I will have it by the full board meeting. We have been told the price will not exceed \$162,000 for the vehicle. I have money in my budget for this purchase.

In addition, I am asking for a supplemental appropriation to my Capital Outlay-Equipment line item to cover the cost of a new stretcher/power load system for this ambulance.
