

NOTICE TO JACKSON COUNTY TAXPAYERS

The following does not pertain to the tax bill you just received (2017 payable 2018). This notification is for 2018 payable 2019.

Following is a COMPILED list of assessment CHANGES FOR 2018 for 11 townships: Carbondale, Makanda, Murphysboro, Degognia, Kinkaid, Levan, Somerset, Fountian Bluff, Sand Ridge, Grand Tower, Pomona. Only non-farm parcels which had a change in value are listed.

And also follows is a COMPLETE list of ALL parcels in the other 5 REASSESSED townships: Bradley, Ora, Vergennes, Elk, and Desoto. Every parcel in a reassessment year, regardless of whether it changed, is listed, as per (35 ILCS 200/9-225).

Rather than reassess the whole county every four years, one quarter of the county is done every year. The county has been divided into four quadrants determined by population, parcel count, EAV, and other factors. 2018 is a reassessment year for those listed above, 2019 will be a reassessment year for Murphysboro and Somerset.

All classess of property in all townships will receive a 1.0000 equalization factor from the Chief County Assessment Officer, except residential property (building values only) in Carbondale township. A .9800 factor will reduce residential property approximately 2%. However, all assessed valuations are subject to equalization and revision by the Jackson County Board of Review as well as by the Illinois Department of Revenue.

Valuation date (35 ILCS 200/9-95): January 1, 2018
Required level of assessment (35 ILCS 200/9-145): 33.33%
Valuation of the reassessed townships (35 ILCS 200/1-155) based on sales from: 2015, 2016, 2017.

Pursuant to 35 ILCS 200/10-115 farmland assessments for the 2018 year will increase by \$26.46 of the preceding year's median cropped soil productivity index as certified by the Illinois Department of Revenue with data provided by the Farmland Assessment Technical Advisory Board resulting in a \$26.46 per acre increase for each soil productivity index.

Property other than farmland and coal is to be assessed at a 33.33% median level of assessments, based on the fair cash value of the property. You may check the accuracy of your assessment by dividing your assessment by .3333. The resulting value should equal the estimated fair cash value of your property. If the resulting value is greater than the estimated fair cash value of your property, you may be over-assessed. If the resulting value is less, you may be under-assessed. You may appeal your assessment to the Board of Review.

If you believe your property's fair cash value is incorrect or that the equalized assessed valuation is not uniform with other comparable properties, the following steps should be taken:

1. Contact your Township Assessor's office to review the assessment. Neither the TA nor the Supervisor of Assessments have the authority to make any changes at this stage of the tax cycle, but both offices can provide information as to how the assessment was determined.
2. Taxpayers may then file a complaint with the Jackson County Board of Review. For complaint forms, instructions, and Rules and Procedures of the Board of Review, visit www.jacksoncounty-il.gov or call 618-684-4907 for more information.
3. The final filing deadline for the townships below is November 5, 2018, 30 days from the date of this publication. After this date, the Board of Review is prohibited by law from accepting assessment complaints.

Pub2018

Your property tax bill will be calculated as follows:

Final Equalized Assessed Value - Exemptions = Taxable Assessment;
Taxable Assessment x Current Tax Rate = Total Tax Bill.

Your property may be eligible for homestead exemptions, which can reduce your property's taxable assessment. For more information and forms for homestead exemptions visit www.jacksoncounty-il.gov or call 618-687-7220.

IMPORTANT!!! The household income threshold for the Senior Citizen Assessment Freeze Exemption (SCAFE) has been raised to \$65,000 beginning with the 2018 (payable 2019) tax year. This is up from \$55,000. Renewal applications will be sent out in January. Please help spread the word so that more people can receive tax relief.

MORE GOOD NEWS: Refreshed design and more functionality of assessment data on the county website. You can search sales data, inserting price ranges and locations for comparable properties.

PLEASE NOTE: The online GIS aerial mapping now reflects 2018 parcel lines and PIN numbers which match the change notices (not necessarily the 2017 tax bill). These lines and PINs will correspond to 2018 tax bills, payable in 2019. Of course, 2018 is still a work in progress as values have not been finalized by Board of Review, and rates/multipliers have not be determined by the County Clerk/Dept of Revenue. The Property Tax Lookup tab, however, has the 2017 finalized tax year/bills.
